Minchinbury Snap Level 2 opens its doors

Minchinbury Snap Printing is home to a new marketing and design business, Snap Level 2.

Franchise owners Pritika & Rakesh Manocha say they are excited to introduce the new Snap Level 2 services, which will complement those already provided by their Snap Printing centre.

“Snap Level 2 is an exciting new marketing, advertising and design service specially created to service small and medium sized businesses,” Rakesh says.

“Its unique system allows me to offer clients a marketing strategy then to come up with the final products at a fraction of the cost of traditional marketing, advertising or design firms.”

With a background in marketing and advertising Rakesh and Pritika are well qualified when they say the system is like nothing they have ever seen offered before.

Rakesh adds that he expects Snap Level 2 to revolutionise the way businesses approach their marketing.

“Never before has a marketing business been set up to service small to medium enterprises,” he explains.

“Small to medium business owners are often too busy to sit down and develop a marketing strategy and often don’t have the big dollars associated with such professional services.”

“Many of our customers – the repair shops, butchers, carpenters – want to access these kinds of services but haven’t known where to start.”

“Now they can come into the Snap Level 2 pod within our Snap Printing store, sit down and have a chat about their business.

“This is a great opportunity for us to help our clients grow their business.”

Pritika and Rakesh have owned the St Marys Snap Printing centre for four years, recently moving to a new Minchinbury address to accommodate the Snap Level 2 pod.

Rakesh says customers are already embracing the concept.

“I have already had a fantastic response to Snap Level 2 from existing clients and I look forward to meeting some other small to medium businesses in the area.”
